Technical information

Productnumber: 99-1988

Product description

Steel Big Bag rack base. The bottom and top frame of this big bag rack consist of hot-dip galvanized steel and are suitable for hanging one big bag. The bottom is equipped with wire mesh. Plug-in brackets for a forklift truck are fitted in the lower frame and hooks on the upper frame to hang the big bag. Setting up extra storage capacity is easy to arrange with these stacking racks.

Please note! Supplied WITHOUT stanchions.
