

Productnumber: 94-0000-2M3

## **Product description**

Lightweight big bag rack with bottom unloading option. This big bag rack saves space when not in use by inserting the stackable base and several stanchions into one base. The bottom is made of reinforced plastic and the stanchions are made of steel. This smart solution offers space for one big bag rack of two cubic metres. The big back rack comes with 4 stanchions. Also known as big bag stacking rack, big bag storage rack, big bag rack, big bag container or big back storage system.
