Product description

Heavy traffic entrance mats are backless mats for scraping dirt for use in high traffic areas, indoors, outdoors and in recessed areas. The high quality vinyl loops have excellent crush resistance. Due to the open construction of the backless mats, dirt and moisture can easily fall through and are not carried into the building. for scraping dirt for high traffic areas are suitable for indoor, outdoor and recessed areas. The high quality vinyl loops have excellent crush resistance. Due to the open construction of the backless mats, dirt and moisture can easily fall through and are not carried along into the building. Trapped dirt is easy to vacuum or wash out with a hose, making cleaning simple.

- Backless mats for scraping dirt are great for high traffic areas
- The excellent quality of the vinyl is very resistant against crushing
- The open structure of the backless mat allows water and dirt to run through it easily, so you don't see it
- Collected dirt is easy to vacuum or wash out with a hose
- The open web structure removes, traps and hides the dirt
- Flexible spiral brush shoe soles
