Product description

Hand truck for 2 gas bottles of 40 liters, 204 to 229 mm with comfortable push handles and chain protection. Load capacity up to 150 kg. Welded steel tube, powder coated blue RAL 5007. As a result, the surface of the cart is permanently protected, impact and scratch resistant. This gas cylinder hand truck simplifies the transport of 2 steel gas cylinders. The bottles are stable on the shovel, the metal chain prevents slipping and tipping. Easy and comfortable to move due to double handle. Wheels with solid rubber tyres: Good soil adhesion, resistant to chemicals, low driving noise, reliable, maintenance-free and high driving comfort. Wheel hubs with roller bearings: low rolling resistance at high loads, strong and virtually maintenance-free.
