Product description

New IBC liquid container (without UN quality mark) of HDPE (High Density Polyethylene) 1000 liters with wooden base and welded steel tube frame with integrated plastic pallet. Solid stacking construction with excellent handling properties and high stability.

Reasons why you need a UN quality mark is because when you are going to transport hazardous substances you must comply with the ADR regulation. Also known as Accord européen relatif au transport des marchandises dangereuses par route.

Please note! In addition to the ADR regulation, you must also comply with other national and international legislation. The Living Environment and Transport Inspectorate has an up-to-date overview of these laws.

- filling opening 225 mm with lid
- ball valve 2 inch

See also adapters that can be combined below for all connection options. If you cannot find the right adapter, please contact us or send a photo to one of our employees for the possibilities.

Specifications

Article arrangement: New
Version: 1000 ltr
Floor: wooden pallet
Food-safe: no
Length (mm): 1200
Height (mm): 1150
Weight (kg) 58
Type number: 035
EAN Code (Gtin) 8719424035094

Type: fluid container
Material: wooden pallet
Top: fill hole 225 mm
Colour: transparent
Width (mm): 1000
Volume (ltr): 1000
Options: not suitable for diesel and gasoline
Temperature resistance: 70°C
