Product description

New IBC liquid container of HDPE (High Density Polyethylene) 1000 liters with plastic base and welded frame of steel tubes with integrated plastic pallet. Solid stack construction with excellent handling properties and high stability.

Reasons why you need a UN quality mark is because when you are going to transport hazardous substances you must comply with the ADR regulation. Also known as Accord européen relatif au transport des marchandises dangereuses par route.

Keep an eye on! In addition to the ADR scheme, you must also comply with other national and international legislation. The Environment and Transport Inspectorate has an up-to-date overview of these laws.

- filling opening 225 mm with lid
- ball valve 2" inch

See also adapters to be combined below for all connection options. If you cannot find the right adapter, please contact us or send a photo to one of our employees for the possibilities.

Specifications

Article arrangement: New

Version: 1000 ltr

Floor: plastic pallet

Food-safe: yes

Length (mm): 1200

Height (mm): 1150

Weight (kg) 57

Type number: 035

Additional specifications: suitable for food industry

Type: fluid container

Material: plastic pallet

Top: fill hole 225 mm

Colour: transparent

Width (mm): 1000

Volume (ltr): 1000

Options: not suitable for diesel and gasoline

Temperature resistance: 70°C

EAN Code (Gtin) 8719424035131
