### Product description

Used Pool gitterbox DB according to UIC standard 435-3

Buy your used DB gitterboxes directly from the largest supplier in Europe. This steel mesh container is one of the most used/sold load carriers in the industry, especially in the steel industry due to its high load capacity and stackability. This mesh container is ideal for small parts and very practical to use because of the 2 steel flaps at the front. Sturdy base on 4 steel legs suitable for forklift or pallet truck and accessible from all sides. The top has a raised edge for easy stacking of the mesh container and to prevent unexpected sliding. Comply with the UIC 435-3 standard, for European load carriers in steel. (EUR box pallets) and the DIN 13626 Verpackung-Boxpalleten.
