Technical information

Productnumber : 40-11458

Product description

The stable design enables clean and safe storage of hazardous solid goods belonging to packing groups II or III and is also approved for transport according to ADR, RID and IMDG codes. The container (blue), with a capacity of 170 l or 250 l, and lid (coloured) are easy to handle, even when the container is full. The specially shaped lid enables storage in 2-layers. Up to 8 boxes can be safely stacked on a Euro pallet. The beading in the container wall enables emptying with a rotary forklift.

The mobile box is particularly suitable for the following applications:

- collection container for waste and materials such as oil binding agents, paint residues, etc.
- collection and transport container for recycling, cleaning cloths, etc.
- collection container for flammable and polluting substances

Specifications

Article arrangement: New

Version: for hazardous substances

Walls: walls closed

Top: hinging lid

Wheels back: 2 rigid wheels

Length (mm): 600

Height (mm): 890

Weight (kg) 15

Temperature resistance: -20 /+40°C

EAN Code (Gtin) 8719424207392

Type: environmental container

Material: HDPE

Floor: oil- and water tight

Subgroup: Mobile trays

Colour: grey/red

Width (mm): 600

Volume (ltr): 250

Type number: 7718

Additional specifications: UN-approved
