Technical information

Productnumber : 99-2050SU

Product description

Hand spreader with a spreading width of 2 to 4 meters. With a capacity of 30 liters and can be used with road salt, seeds, sand, lime or fertilizer for both the winter period and the spring or summer period. Ideally suited for school and company grounds, church paths and parking lots.

The salt spreader is partly pre-assembled and therefore quickly ready for use. The frame is coated to prevent rusting. In addition, the spreader has large 22 cm plastic tires for smooth use and a soft grip on the push bar.
