Technical information

Productnumber : 6313727

Product description

Strong construction Matador wheelbarrow with puncture-free tire. This wheelbarrow has a capacity of 80 liters with completely new and very solid chassis. Thanks to this new chassis, the wheelbarrow has an extended lifespan and improved ergonomics.

- Less weight when fully loaded
- Cross horizontal grip, so that the wrist is straight and not bent and 4 instead of 2 fingers carry the load
- Strong bucket (1.2 mm) with bucket support
- Base frame made of oval tube 38x20 mm
- Continuous oval tube under frame and rear of bin
- Very strong base made of 25 mm round tube
- Improved balance
- Steel rim with double-sided sealed ball bearings
- Ergonomic due to higher placed handles (610 mm), less bending, easy to lift
- Wear slippers for a longer lifespan of the legs

Specifications

Article arrangement: New

Version: with puncture proof wheel (foamed polyurethane)

Colour: grey

Width (mm): 590

Loading capacity (kg): 250

Weight (kg) 17.4

EAN Code (Gtin) 8719424170566

Type: Matador construction wheelbarrow

Material: steel

Length (mm): 1450

Height (mm): 620

Volume (ltr): 80

Type number: 6313727
