Technical information

Productnumber : 44-PPCA

Product description

Flexible corner protector for lashing straps up to 50 mm wide.

Simple, but effective. Our corner protectors, protective corners or pallet corners protect the load against cutting into strapping or lashing straps. But also the other way around, the corner protectors prevent damage and cutting of the tensioning straps and strapping bands.

The PPCA/PPCI/PPCK rubber strips are made from a mixture of copolymers.

Our strip protectors are resistant to weather conditions (rain, snow, UV light), low and high temperatures.

However, it should be remembered that this is a rubber product - material whose properties change (deteriorate) to a great extent with the passage of time, even if they are not used.

Thickness - 3.3mm

Slots - 57mm x 9.9mm - suitable for 50mm conveyor belts.

Specifications

Article arrangement: New

Version: for ratchet straps up to 50 mm

Colour: black

Width (mm): 100

Weight (kg) 0.1

EAN Code (Gtin) 8719424126280

Type: corner edge protector

Material: plastic

Length (mm): 290

Internal width (mm): 50

Type number: 44-PP
