Technical information

Productnumber : 77-A067290

Product description

Measuring 6630x2000x520 mm, this bench offers space for several people to sit. The bench offers resistance to rusting, promoting durability and long-term use. The ability to fix the bench into the ground provides extra stability, especially in outdoor environments. With included anchors for fixing into the ground, installation is easy and safe. Whether outdoors in a park or indoors in a reception area, this steel bench is versatile enough to meet different needs.

Specifications

Article arrangement: Used
Version: fixed construction
Colour: grey
Length (mm): 2000
Height (mm): 520
Type number: A067290

Type: Garden bench
Material: steel
Surface treatment: signs of use
Width (mm): 630
Weight (kg) 50
Additional specifications: mounting material included
