Technical information

Productnumber : 98-6033GB

Product description

Metal pallet collar 120x80x98 cm including Euro pallet. Equipped with a half-open front so that the contents are easily accessible. The mesh extension walls can be stacked on pallets. The advantage compared to gutter boxes is that these mounting walls take up much less space when not in use or when they are returned empty since they are collapsible. Very suitable for the storage or transport of bulk goods.
