### Product description

Used plastic pallet with dimensions of 1200x800 mm and comes in different heights ranging from 150 to 180 mm. With a grid bottom, this pallet offers excellent ventilation and drainage, making it ideal for applications where air circulation is important. Thanks to its 4-way access, the pallet can be easily picked up and moved with pallet trucks and forklifts. This plastic pallet complies with Euronorm 1200x800, a standard size widely used in logistics and industry. With these dimensions, the pallet fits perfectly on standard pallet racks and in trucks and containers.
