

## Technical information Productnumber : 716NBS41SR1660

## **Product description**

Galvanized steel nestable roll container with 2 swivel (braked) and 2 fixed rubber wheels. These wheels are made of elastic rubber and offer excellent driving comfort. The roll container is equipped with a door and 1 folding floor. Thanks to the a-frame undercarriage, several roll containers can be compactly slid into each other. The floor is hinged upwards and the door is hinged against one of the side walls. These side walls are pivotally folded inwards. This saves you considerable space during storage and transport.

## Specifications

Article arrangement: New Version: A-nestable Walls: mesh Wheels front: 2 castor wheels solid rubber with wheel locks 125 mm Wheels back: 2 fixed wheels, solid rubber 125 mm Colour: colorless Length (mm): 729 Width (mm): 729 Width (mm): 818 Height (mm): 1660 Loading capacity (kg): 500 Type number: 704S06 EAN Code (Gtin) 8719424140040
