

Technical information

Productnumber : 98-7280GB-B

Product description

Used galvanized steel nestable roll container equipped with 2 swivel (braked) and 2 fixed-wheel rubber wheels. These wheels are manufactured from elastic rubber and offer excellent driving comfort. The roll container is equipped with a door, a folding plastic bottom and two folding plastic shelves. Thanks to the a-frame chassis, several roll containers can be pushed together compactly. Here, the shelves are hinged up and the door is hinged against one of the side walls. These side walls fold inward hingedly. This saves considerable space in storage and transport.

Attention! B-quality, with damage: defective brakes and bent door (see photos).

Specifications

Article arrangement: Used

Version: B-quality, with damage

Walls: mesh

Wheels front: 2 castor wheels solid rubber 125 mm

Wheels back: 2 fixed wheels, solid rubber 125 mm

Colour: grey/blue

Length (mm): 729

Width (mm): 818

Height (mm): 1770

Application: incl. 2 levels

Additional specifications: 2nd choice, remaining batch

Type: 4 sides one door

Material: steel

Floor: plastic

Subgroup: Roll cage used

Shelves: 2 * possibility to hinge

Surface treatment: electro-galvanized and use damage

Internal length (mm): 673

Internal width (mm): 769

Internal height (mm): 1538

Type number: 704K04
