Technical information

Productnumber : 38-FK43-29-T

Product description

Plastic Euro standard crate (400x300 mm) for storing and transporting (PET) bottles or glassware with a capacity of 0.5L each. Safe storage and transport thanks to the strong dividers so that the bottles do not touch each other and are therefore optimally protected. The crate with compartments (71 x 71 mm per compartment) offers space for 20 bottles with a maximum height of 260 mm and a maximum diameter of Ø 70 mm. The bottle crate has open handles on all sides for optimal handling. These Euronorm containers can be stacked without loss of space on Euronorm pallets, roll containers and undercarriages.

Specifications

Article arrangement: New
Version: for (PET) bottles
Walls: open handles
Food-safe: no
Colour: black
Internal length (mm): 385
Internal width (mm): 285
Internal height (mm): 280
Type number: 38-FK

Type: stackable
Material: HDPE
Floor: perforated
Euronorm (mm): 400 x 300
Length (mm): 400
Width (mm): 300
Height (mm): 290
Volume (ltr): 31
EAN Code (Gtin) 8719424192360
