

Technical information

Productnumber : 72191505

Product description

The stepladder with the best characteristics. Ease of use and robust. Specifically for the professional who demands more. The Taurus is designed for intensive use. Thanks to the self-release hinge system, the stepladders are remarkably handy and easy to use. Quickly set-up, quickly packed up. The dirt resistant black coating makes these treads suitable for every professional job.

The Red Step® on your ladder/steps indicates the height at which you can safely work. In the blink of an eye, you can clearly see how high you can go.

The two platforms on top of each other are especially unique. Thus, you have two safe and comfortable work spaces. The self-locking metal spread protection (from TGB 6) prevents the stepladder from unexpected closure while in use. Moreover, you stand firm and stable due to the large anti-slip feet and enclosed hinges. A stepladder at the highest level. the tray on the rail also gives you somewhere to store your tools.

Specifications

Article arrangement: New

Version: single-sided, 5 steps incl. platform

Subgroup: Stairs

Width (mm): 550

Depth (mm): 1030

Options: Norm: EN 131

Height when folded (mm): 1950

Horizontal platform (mm): 1200

EAN Code (Gtin) 8719424174595

Type: Altrex industrial stairs

Material: aluminium

Colour: black

Height (mm): 1940

Weight (kg) 9

Type number: 191503

Additional specifications: type use: professional

Work height (mm): 3200
