

Technical information

Productnumber : 97-11225

Product description

This aluminum industrial staircase is intended for light use, such as cleaning work or replacing a lamp. The stairs are also called landing stairs or platform stairs and are easy to move due to their handy size. The aluminum steps are ribbed 80 mm deep. The top step has a large ribbed platform for safe working at height. The bottom of the stairs is fitted with a plastic bumper, which ensures that the stairs are not damaged when folded. The stairs also have a high support bracket with a practical tool tray.

The landing stairs are certified and comply with EN-131. The product also meets the requirements of the Warenwetbesluit Portable Climbing Equipment.

Specifications

Article arrangement: New

Version: single-sided, 5 steps incl. platform

Subgroup: Stairs

Width (mm): 530

Depth (mm): 1010

Options: Norm: EN 131

Additional specifications: type use: private and professional

Work height (mm): 3250

Type: industrial stairs

Material: aluminium

Surface treatment: aluminum

Height (mm): 1780

Weight (kg) 6.9

Type number: 97-112

Horizontal platform (mm): 1170

EAN Code (Gtin) 8719424214505
