Product description

Package trolley closed on three sides with a tubular frame. The tubular frame has a robust powder coating. The distance between the different bars is 130 mm. The roll container with wooden bottom has a load capacity of up to 600 kg and a height of 1800 mm. The car is easy to steer due to the two braked swivel castors and two fixed castors. Complies with EU standard EN 1757-3 (safety standard for platform trucks).
