Product description

Mobile lectern with wooden writing surface and two adjustable shelves. The wooden worktop has dimensions 1100x590 mm and has a raised edge. The two levels can be screwed in variably, which makes two file rows possible. The load capacity per floor is 50 kg and the total load capacity is 100 kg. The lectern is extremely handy due to the four swivel castors, two of which have brakes. The frame is treated with a scratch-free powder coating. Working height 1100-1195 mm.
