Technical information

Productnumber : 84-21S25-20R

Product description

This high-quality workbench is very suitable for furnishing a garage or workshop. This model is 200 cm wide and equipped with a base with one drawer, one cupboard and 2 floors. Lockable with key (4). The worktop made of 40 mm thick beech wood provides a solid workplace.

All workbenches have a high-quality finish and a scratch- and impact-resistant powder coating, suitable for intensive use. The frame is very strong and very stable. This work table has a working height of 85 cm and offers a comfortable working posture.

The workbench is delivered assembled, so you can get started right away!
